Soft Skills: Problem Solving, Self-Learning, Attention to Detail, Communication, Continuous Learning.

WORK EXPERIENCE

Self-Learning & Personal Projects

2024 – Present

Frontend Developer & UI/UX

Rawalpindi, Pakistan

- Built responsive, user-friendly web interfaces using **HTML**, **CSS**, **JavaScript** and **React.js**, with a focus on clean UI, layout structure and smooth navigation.
- Styled modern, mobile-first layouts with **Tailwind CSS** and **Bootstrap**, following **responsive web design** principles across all screen sizes.
- Practiced state management and API integration with **Redux Toolkit**, **RTK Query** and **Axios** to build data-driven UI.
- Designed modern **UI/UX** for personal frontend projects, from wireframes to polished, accessible interfaces.

- Wrote **Python** scripts for automation alongside Computer Science studies, continuously improving development and problem-solving skills.

PROJECTS

Personal Portfolio | Next.js, React, TypeScript, MUI, Tailwind CSS, Framer Motion

- Built a fast, animated personal portfolio with smooth scroll reveals, dark/light theme and full mobile responsiveness.
- Implemented SEO metadata, sitemap, robots and structured data (JSON-LD) for better search visibility.
- Created a reusable component library and a validated contact form with WhatsApp and email integration.

Dreams Builders | HTML, CSS, JavaScript, Responsive Design, UI/UX

- Built a responsive website for a construction and real-estate company.
- Focused on clean UI, clear layout structure and user-friendly navigation.

Food Restaurant | HTML, CSS, JavaScript, Responsive Design, UI/UX

- Built a responsive restaurant website with a menu showcase and a warm, appetizing design.
- Practiced layouts, styling and an easy-to-use interface across devices.
